

Bronze Level Coaches Clinic

**July 19th and 20th
Sanford, ME**

Hosted by Mousam Valley Wrestling Club

Join us! USA Wrestling invites active wrestling enthusiasts to attend a Bronze Level Certification course in Sanford, Maine. The National Coaches Education Program offers wrestling coaches a great way to be deeply involved with the sport of wrestling.

USA Wrestling as the National Governing Body of amateur wrestling can open the doors to wrestling coaches and athletes to learn more about the world's oldest and greatest sport. USA Wrestling requires NCEP Certification for coaches to participate in state, regional, national, and international events. If you're an active wrestling coach, you need to get NCEP certified!

USA Wrestling Coaches Education Program is designed to give coaches a foundation of successful coaching principles to help grow the base of amateur wrestling throughout the country. The National Coaches Education Program (NCEP) certified over 1,100 coaches nationally last year at the Bronze Level.

By completing the certification process at the Bronze Level, you will receive the Bronze Certified Card, and Certificate allowing you to coach at USA Wrestling events across the country. Also, you will receive for future reference the Coach's Guide to Excellence, a \$30 value. Finally, as an added bonus for completing the Bronze level, you will receive the official Bronze Certified Coach's shirt, a \$25 value.

Coaches who are Bronze certified are leaders in the wrestling community and are then encouraged to pursue further education through NCEP by completing the Silver and Gold levels. Once, a coach is Bronze certified he/she can attend the National Coaches Colleges held annually. The Coaches College is a five-day intensive study of the sport of wrestling.
